

Nicosia, 14th of March 2022

To: Principle of Secondary General Education

CC: Career Advisors / School Counsellors of Secondary General and Technical Education

Topic: Scholarship and Financial Support Scheme for academic year 2022-2023

To reward students who excel academically and / or in sports and support students who face financial difficulties, we offer your school graduates the following scholarships for the academic year 2022-2023, as well as the opportunity to apply for fee reduction based on socio-economic criteria.

A. Scholarships based on academic excellence in Secondary Education

1. Full scholarships for students with High School Leaving Certificate grades between 19-20.
2. 50% scholarships for students with High School Leaving Certificate grades between 18-18.99.
3. Partial (10-20%) scholarships for students with High School Leaving Certificate grades between 17-17.99.

B. Sport scholarships

Sport scholarships that cover up to 100% of tuition fees, according to the level of the athlete and their contribution to the athletic and other activities of Frederick University.

C. Financial support

Frederick University also offers financial assistance to newcomers based on socio-economic criteria. The amount of financial aid is decided by a special committee. In addition, special discounts are offered to students from large families or siblings studying simultaneously at Frederick University or at Frederick Institute of Technology.

Please inform your students of the above opportunities and provide us with the names of the interested applicants preferably no later than the end of May 2022.

Notes:

- The above scholarships and fee reductions cannot be combined together or with other scholarship schemes offered by Frederick University. The student will be granted the highest scholarship or financial aid that he / she is entitled of.
- The scholarships or/and financial support are valid for the first year of study. For subsequent years all students can participate in the continuing studies scholarship and financial support scheme of Frederick University.
- The candidates can be enrolled to any program of study, as long as they meet the admissions requirements of the program.

We would also like to inform you that, in an effort to tackle the underrepresentation of women in Engineering and Technology, we offer **50% scholarships to all girls who will join our Engineering School**. The scholarship applies to undergraduate programs and covers the first year of studies but can be renewed each following year, based on the academic performance of the student at the University.

Yours sincerely,

Natassa Frederickou
President of the Council
Frederick University
